Coverys Expands Territory; Now Available in Maryland

Boston, MA (October 12, 2011) – Coverys (formerly ProMutual Group) is proud to announce it is expanding operations through member company ProSelect Insurance Company (“ProSelect”) into the state of Maryland. ProSelect is now prepared to write business for individual physicians and surgeons, partnerships and corporations, as well as physician groups in Maryland.

“We are pleased to continue our expansion by obtaining authority to write business in Maryland,” said Richard W. Brewer, president and CEO of Coverys. “We look forward to positively impacting increasing numbers of healthcare providers with our wide variety of liability coverages as well as our risk management and physician education services.”

Coverys is known for its deliberate and conservative approach to expansion in new regions and has never left a state where it has written business. Coverys member companies and their predecessors have been providing coverage and protection to healthcare providers for more than three decades and are leaders in the development of new products and services. Coverys continually works to emphasize the importance of risk management and has one of the largest risk management field staff comprised of registered nurses. Coverys is also accredited by the Accreditation Council for Continuing Medical Education (ACCME) as a provider of AMA PRA Category 1 Credit™ for physicians. ProSelect policyholders benefit from top defense counsel who specialize in medical liability cases, as well as experienced and knowledgeable claim staff with backgrounds in healthcare, law and insurance.
